

**FACULTY OF SCIENCE
DEPARTMENT OF BIOLOGICAL SCIENCES**

Postdoc in plant biology

A 2-year postdoc position is available at the Department of Biological Sciences, University of Aarhus, from March 1, 2008 or as soon as possible thereafter. The postdoc will be associated with the research group at the Section for Plant Biology. The research of the group focuses on plant ecophysiology and processes in aquatic ecosystems.

The postdoc candidate is expected to participate and contribute to the research of the group, where ecophysiology of water and wetland plants and processes in streams, lakes and wetlands are central themes. The candidate is also expected to contribute to the teaching by the group at all levels, and to participate in assignments related to the daily running of the section.

The candidate should have a strong research profile within the research area of the group. Furthermore, the ability of the candidate to cooperate with other members of the research group will be included in the final assessment of the candidate.

Applications must be in English and include a curriculum vitae, a complete list of publications, a statement of future research plans and information about research activities, teaching qualifications and management experience, all in 4 copies (see <http://www.nat.au.dk/stilling/cv> for the recommended level of detail). If the applicant wants other material to be considered in the evaluation (publications and other documentation of research and teaching qualifications, as well as management experience) such material must be clearly specified and must either be enclosed in hardcopy (3 copies) or must be available electronically.

The Faculty refers to the Ministerial Order No. 170 of 17.03.2005 (<http://www.au.dk/da/21-05.htm>) on the appointment of teaching and research staff at the universities under the Ministry of Science, Technology and Innovation.

Salary depends on seniority as agreed between the Danish Ministry of Finance and the Confederation of Professional Unions.

Applications should be addressed to The Faculty of Science, University of Aarhus, Ny Munkegade, Building 1520, DK-8000 Aarhus C, Denmark, and marked 212/5-211.

The deadline for receipt of all applications is February 1, 2007, at 12,00 noon.

For more information contact Professor Hans Brix (phone: +45 8942 4714; mobile: +45 2899 2031; e-mail: hans.brix@biology.au.dk).

The University of Aarhus has 34,000 students, 10,000 staff, and a turnover of DKK 4.5 billion. The University consists of nine main areas: six faculties (Humanities, Health

Sciences, Social Sciences, Theology, Science and Agricultural Sciences), two schools (the Aarhus School of Business and the Danish School of Education), and the National Environmental Research Institute. The University's activities are based at more than 20 locations all over Denmark.
